

Where to find the comments

Comments can be found in the class Book Chapter, in all the resources that are not a real chapter (Poems, Introductions, ...) as comment to the property “Description”.

Restricted Classes and Properties

The restricted Class is named “Event Alternative” and is a subclass of “Event”.

Where to find the standoff links

Standoff links are situated in the Class “Event”, in most of the instances, in the property “Description” (except for the events of type Alternative).

Where to find the Regions

The regions are drawn on all Images where the White Rabbit and the Flamingos appear.

Where to find the Video segments

Video segments can be found in the resource “Alice in Wonderland 1933” (V_01).

Where to find the Audio segments

Audio segments can be found in the resources “Dramatis Personae” (ID A_01) and “Down the Rabbit-Hole) (ID A_02).

Where to find Multiple cardinality text properties

Text properties with multiple cardinality can be found in the class Location: the property “Description” contains the description in 4 languages, each of them being a separate instance of the property.
